CHRIS BARBER: Hey, guys. Convoy-related issues right now, and I just want to get this out there. This convoy to Ottawa next week on Sunday is a peaceful protest. Anybody that joins this protest or this convoy from either coast-to-coast is to adhere to the rules of the convoy, and I am dead serious. If anybody fucks with them, they are out. Emergency vehicles have the right of way. When, uh – when the lights are flashing, we pull over and they are the utmost attention. Law enforcement is to be respected. Never ever not respected. We are working with law enforcement across the country in big cities and we have their approval a hundred percent until we fuck that up. Convoy rules. There's a code of ethics we're gonna have to follow. We want this done properly. Right now the public is one hundred percent on the truckers and this mandate - removal of mandate's side. We do not want to lose that. When we start acting like assholes, we lose that. Let's keep our eyes on the prize, and hit the federal government where it hurts. We want the mandates gone. Mandates need to be removed and we're not leaving until they are. Thanks, guys.

We’re coming, we’re coming, we’re coming. And if our politicians get any dumber – those comments of Trudeau yesterday, I’m sorry, guy, but that was just horrible. Radical fringe group. So if radical fringe group – I just wanna stress this to everybody, those are OPP in the two unmarkeds in front of us; those guys are the utmost best guys I’ve ever dealt with in my life. They are here to support us, even though they’re keeping the public safe. But if we’re a radical fringe group, why is law enforcement helping us so much? Come on. Like, come on, Trudeau. Page 7

- 8:30:57 am from Barber to Cst. Bach: Goodmorning. I've run myself down so it was rest time. Feeling bit better this morning. We need to get these trucks organized so lanes are open and staging areas are available

- 5:19:33 pm: from Barber to Cst. Bach: No one has giving me time to address them. I've been trying to organize
- 7:44:49 pm: from Cst. Bach to Barber: Oh, Ok I see. Busy! Can you please let me know, if/when you get the chance. Also, just speaking with a lot of locals and business owners of downtown, they are worried about how long this is going to last as it is impeding on their livelihoods (ie inability for delivery trucks to access stores and the constant, noise and disruption, etc). There are also truckers that are looking to go back home. Can you please message that we can assist with any moving trucks out.

1. Barber posts a video on his Tiktok account @BigRed19755 (Ex 69, Transcript 69A at tab 5):

CHRIS BARBER: Chris down here in downtown Ottawa. Um, so I spent the whole day trying to put fires out; running from one group of trucks to the next group because there's rouge drivers inside each group, it seems like, that want to disrupt things and be difficult with law enforcement and all that. And the horns don't quit all through the night and some people are getting angry and throwing eggs out the window on your truck, so, guys, we got to give a little give and take here. This public – the public didn't ask for this. It's the government that asked for this. You keep that in mind. We should work with the public and work with the law enforcement. Please. We gotta get this all sorted out. We got to do it peacefully. I can't stress the peaceful enough, okay? We're getting close to the negotiations times. Um, there's lots coming up here. And there's lots behind the scenes happening. I can't tell you everybody's pissed off 'cause they haven't seen Chris out the truck. Well, some day after this is done, I will give you guys an insight into all the stuff that went on behind the scenes and how complicated and he-, uh - I had no clue. I had no clue it would be this big, so everybody keep your heads. Um, this is – this is definitely a tense situation and we, uh – we don't need anything to go bad to ruin our cause, so if anybody's having any issues or everybody's thinking about doing something stupid, you get a hold of me and I will come and see you. I will hug you; I will do whatever it takes to make you happy. Send you home if you have to. Like, I – I don't care. We need this peaceful. Uh, law enforcement's been really good but they're – they're trying to close your fuel off. They're trying to close your food off. And, um, they're trying to get us cleaned out of here. Ottawa doesn't want us here. The city's already mentioned that. We got a snowstorm coming in tomorrow, so just be patient, be strong, hold the line. All the provinces are already starting to lift mandates. Um, so we're winning at this, right? We're winning at this, guys. Hang in there.

2. Barber posts a video on his Tiktok account @BigRed19755 (Ex 70, Transcript 70A at tab 6):

CHRIS BARBER: Hey, guys. So, I'm gonna do a couple of videos tonight, just to kinda get caught up on where I should be throwing a lot of videos out there to keep everybody well-informed, but I'll give you the shot outside my hotel room here, 'cause I probably shouldn't be doing this for security reasons but I don't give a fuck. These are all these peaceful trucks out here. And, yeah, we're getting them all straight. They're not laying on the horns at three o'clock in the fucking morning anymore, which is nice, guys. P-, appreciate that. It's called compromise and we're doing super good with it. We're doing super good with it. Everybody's holding the lines. Everybody's doing an amazing job. So, here's the thing that scares me the most out of the whole thing: The only way out of this for the government is to have like a January 6th-style insurrection, right? Because right now we have public approval on our side. The government is

scared shitless. They know they fucked up. And they know that in a minute, we got more guys coming that are going to take, you know – come and help, so we need to make sure it's peaceful. Period. No ifs, ands, but. It's a powder keg. The last thing we need is a January 6-style insurrection. That is my biggest fear. I will do everything in my power. Tomorrow - I'm feeling a little bit better, I've been down for a couple of days. I'll get out to you guys on the side streets tomorrow. I've got a portable VHF radio now. I can chat with everybody. Um, yeah, just run myself into the ground. Run myself right into the ground. I haven't had enough sleep. It's just a little bit of pressure sometimes, you know? Just a little bit, I guess. Tamara's stressed right to the nuts, too, so – um, we got this, guys. So, I'll keep talking to you. Keep talking to me. Tell me what your concerns are. Get a hold of me. The phone rings 90 percent of the time, so what's a little bit more? See you guys.

3. On February 1, 2022, Barber texts Lich between 12:45:04pm and 1:42:29pm “Freedom is never more than one generation away from extinction. We didn't pass it to our children in the bloodstream. It must be fought for, protected, and handed on for them to do that same, Remember this on a challenging day. We got this”, “Did s live to cool heads it's a powder keg”, with Lich “liking” this latter comment (Ex. 135, Tab 74, p. 143-144).

1. Barber posts a video on his Tiktok account @BigRed19755 (Ex 21, Transcript 21A at tab 15):

CJB. Okay. So, um, Freedom Convoy 2022, I'd like everybody to see somebody. Guess what?

TL. (Laughs).

CJB. Oh, look. It's Tamara. She's not hiding...

TL. No.

CJB. ...she's not ran away with the money. Get that shit out of your heads, guys. We are, uh, we're trapped downtown in the... in meetings and they're, like, uh, nonstop meetings. So, we're trying to organize. Obviously, we've started with just a little bit of shit cuz the conservative leader is now not the conservative leader, so. Now if only the liberal party could do the same damn thing, right? Okay. Tamara's here, she's right there. She has not skipped town.

TL. (Laughs).

CJB. We're doing the best we can, guys. We are, uh, absolutely overwhelmed with all of the attention and all of the stuff that's going. So, just be patient with us. We're getting there. We've, uh, moved mountains so far, we just have to keep clear and so... See you in a bit, guys

2. Barber posts a video on his Tiktok account @BigRed19755 (Ex 22, Transcript 22A at tab 16):

JB. Hey, guys. It's Chris. So, we're South-west, I believe, South-east, sorry, of Ottawa. We are in a field here. We have people from the community that have set up tents and have, uh, fresh food, fresh, uh, fruit, uh, water, anything you guys could possibly imagine. So, for all of the truckers out there that are sitting, not having a direction to go around the city right now, I need you guys to go to the Facebook page, the Freedom Convoy 2022, and get the link. I put a pin on that page. I will try and copy that. (Phone sounds). Go... just ignore the messages there cuz if I muted them it seems like my volume goes wrong, so. Can everybody please organize? Like, there is... the space that they have here is unbelievable. There's probably, I don't know, twenty or thirty trucks here. We're gonna try some, uh, slow rolls, and we'll do that daily cuz we can't fit everybody into the downtown core, so, uh, this is what we gotta do. Anybody outside the city of Ottawa right now looking for direction, get to the Facebook page, find that link, get your trucks down here, get organized. There's Pilot Trucks down here, there is... It's amazing what they have here. All the food you can eat and bathrooms, heat, you name it. So, please do that, guys. We'll talk to you soon.

3. Lich texts Barber between 4:59:22pm and 5:03:04pm “Is your fb still up?”, “I just had my account taken down.”, to which Barber responds “I’m still there but I can’t search you” (Ex. 135, Tab 74, p. 147-148).

4. Barber exchanges text message with Cst. Bach (Exhibit 127 at pages 29 to 30):
- 5:51:21 pm from Cst. Bach to Barber: Hey Chris, can you please send an update when you get the chance (regarding opening kent). Remember, vehicles that need a spot can go to Albert, curbside to allow for the middle lane to be open.
 - 5:57:55 pm from Barber to Cst. Bach: We gained 3 blocks . Still more to do but had to run back
 - 5:58:58 pm from Cst. Bach to Barber: Ok thats great That's really good progress and we appreciate everything you're doing. Let me know update, if you can.
 - 6:01:02 pm from Barber to Cst. Bach: Yes we will continue when I have time.

5. Barber exchanges text messages with “Brad Wall” (Ex. 135, chat 1263 at page 7):
- 5:38:21 pm from Brad Wall to Barber: Is it your sense that it might be time to claim victory and end the occupation?
 - 5:42:06 pm from Barber to Brad Wall: Not quite yet. We are working with city police to strengthen our spots. Move to get out of residential

6. Barber exchanges text messages with “Sparky” (Ex. 135, Vol. 2, Tab 28, chat 980 at pages 1-2):
- 6:37:14 pm from Sparky to Barber: Sparky.. I'm rolling up to the farm in 10 with a step deck behind me. Should i get him to park anywhere or do you have a specific spot for guys pulling wagons?
 - 7:13:35 pm from Barber to Sparky: Wagons should be left at staging areas . Do much easier
 - 7:31:39 pm from Sparky to Barber: K , what's the plans for the rolling convoy ?
 - 7:59:22 pm from Barber to Sparky: Working with city cops for an escort lol we are negotiating

1. Barber posts a video on his Tiktok account @BigRed19755 (Ex 19, Transcript 19A at tab 13):

CJB. While we're downtown right now, we just had an incident of, uh, somebody wanting to burn a Canadian flag. We have surrounded them with law enforcement and truckers if anybody wants to know something about this. Every commercial vehicle out there has a fire extinguisher in it, usually a working one. Try and burn a flag, we're gonna put it out. There is no room for that in this world. We are proud of our flag. This is something that's cool, okay, ready? We've got a little mini slow roll going through here because of a traffic light. So, these guys are not blocking city streets. Good job, guys. Good job.

2. Barber posts a video on his Tiktok account @BigRed19755 (Ex 20, Transcript 20A at tab 14):

CJB. Just on our way in for the press conference at the Marriot in Ottawa. Guys, I'll show you what's going on here. It's pretty damn cool. We have the truckers, and we have the farmers. Yes! Come on, guys! We're here. Of course, they stopped after we walked by which is probably good, so. We're good here. We're going in for the first press conference, the big one. See you guys

3. Barber posts a video on his Tiktok account @BigRed19755 (Ex 71, Transcript 71A at tab 7):

- CHRIS BARBER: Hey. Guys, so somebody did burn a flag this afternoon, I guess. I guess he pulled in a whole bunch of people there and kinda protected themselves and did it away from the truckers and so we weren't able to get there with some fire extinguishers but – who is this meathead?
- UNKNOWN MALE: Some Queen Ramona.
- CHRIS BARBER: Some – some Queen Ramona or something. You – you don't belong to our group, Mrs. Ramona. Go the hell home. You're absolutely useless. We're not here to burn flags. Understand that? Go home. Your point is lost. Your ignorance is showing. Go home. We don't need you here. You're tarnishing this event, please. We don't need that crap in here. You're pathetic and you're toxic, right? That come...
- JOE: Yeah.
- CHRIS BARBER: That coming from a truck driver.
- JOE: Yeah.
- CHRIS BARBER: You can never called toxic by a truck driver, 'cause usually we're the lowest of the – of the totem pole...
- JOE: Yeah, usually.
- CHRIS BARBER: Well, not me. Joe usually is but...
- JOE: Yeah.
- CHRIS BARBER: Right.

- UNKNOWN MALE: Balls and wieners.
 - CHRIS BARBER: Yeah, go home, Ramona whoever the hell you are. You're not welcome here. This is our movement, not yours. This is Canada's movement and if you're burning a Canadian flag, obviously you don't have a place in Canada. Thank you.
4. Barber exchanges text message with Cst. Bach (Exhibit 127 at pages 30 to 38):
- 3:34:35 am from Barber to Cst. Bach: Good morning. So we have a huge team here now. I've been asked to let you all know . JCCF . Justice center for Constitutionally Freedoms. We have a contact I'll attach. I'm here though ti keep working with you directly . I was asked to pass this on to you
 - 9:35:30 am from Barber to Cst. Bach: [Name] Eva Chipiuk *Contact information redacted*
 - 9:35:36 am from Cst. Bach to Barber: Thank you Chris. I appreciate this. What is the goal of this meeting that's happening now with the JCCF
 - 9:37:17 am from Cst. Bach to Barber: Additionally, its important that you are aware of this stance and letter. (Attaching Exhibit *)
 - 9:41:22 am from Barber to Cst. Bach: Thos is pat king. We are trying to remove ourselves for anything to do with him.
 - 9:42:21 am from Barber to Cst. Bach: They are here to help us find our ways through this legally. Bring more organized skills to the movement
 - 9:43:30 am from Barber to Cst. Bach: Thank you. My main goal is safety and working with law enforcement.
 - 9:47:37 am from Cst. Bach to Barber: Thats great and so much appreciated. Just to reinforce that letter I sent you (regarding confederation park) can you please communicate that with all your Convoy members and please suggest that they do not involve themselves with confederation park at all.
 - 9:58:55 am from Cst. Bach to Barber: Has anyone on your end been able to establish a report with Convoy members in front of wellington, Sussex and parts of Kent (independent truckers/ demonstrators)?
 - 11:58:16 am from Barber to Cst. Bach: Is all good now with indigenous people . Did pat king stop everything?
5. Barber exchanges text messages with "Sparky" (Ex. 135, Vol. 2, Tab 28, chat 980 at pages 2-3):
- 10:57:38 am from Sparky to Barber: Good morning Chris, I'm at the farm , it looks like the boys are lining up . Any update
 - 11:30:30 am from Barber to Sparky: How many trucks ?

6. Barber exchanges text message with “Tim” (Ex. 135, Vol. 2, Tab 42, chat 1352 at pages 3 to 4):
- 11:16:59 am from Tim to Barber: Good morning Chris Is there some drumbeats going on today put on by the First Nations?
 - 11:31:29 am from Barber to Tim: I hope so. Make sure no truckers are in confederation Park

February 4

1. Barber posts a video on his Tiktok account @BigRed19755 (Ex 16, Transcript 16A at tab 10):

CJB. Hey everybody. So, we're out on the streets tonight with Dale (sp) here. Um, so on the weekend, guys, everybody needs to know this. Hey, guys. (Laughs). Look at all those angry people, Ottawa, right? They're not. So, this right here is our hockey central. We're gonna have some stick hockey here down at Wellington and... Was it Lyon? Wellington and Lyon. Got a beautiful spot picked out, the trucks are parked back here and that way. OPP's doing their job awesomely as normal. Um, come down and we're gonna make this happen. So, they were predicting about 3 million people here on the weekend to celebrate this whole movement but because of maybe GoFundMe's actions today, why don't we try and make it 5 million people guys? Come on. Peaceful, please. Peace, peace, peace. Can't stress that enough.

2. Barber posts a video on his Tiktok account @BigRed19755 (Ex 17, Transcript 17A at tab 11):

- CJB. Hey, everybody. So, okay, it's Bridget (sp) and I.
- B. Hi.
- CJB. We're in a room right now, it's kind of cool. Just all of the truckers our there, okay? with this GoFundMe thing. Please, everybody be calm. We are fine. This is probably going to work out even better than, than before cuz we're gonna expose more liberal l-leftist pieces of you know what. In this stream right now, we've got Bridget...
- B. Hi.
- CJB. ...we've got lawyer Keith, other lawyer Ava, Adrei head lawyer, Tim, guys over here, banking accountant. I don't think they I know who they've fucking with, okay, guys?
- B. We got this.
- CJB. We got this, guys. We are gonna wake up this world even more so than now.
- B. Everywhere. Everywhere.
- CJB. You want to see how bias this world gets when it comes to liberals? It's coming guys. We're coming. Everybody, head for Ottawa this weekend.
- B. Oh.
- CJB. We're gonna have a little bit of a shin dig. and everybody's gonna get along, and keep those hugs, and smiles, and that's exactly what we're here for. We want no mandates, and we want unity and so far, we've achieved the unity so much better, haven't we?
- B/ We have. Freedom for everyone

3. Barber posts a video on his Tiktok account @BigRed19755 (Ex 18, Transcript 18A at tab 12):

CJB. Hey, TikTok. So, the Canadian people stood up and they wanted to support a bunch of truck drivers to go to Ottawa, to send a message to Ottawa for the Canadian people. It started a worldwide movement. Now GoFundMe has cancelled the 10-million-dollar thing, essentially leaving a whole bunch of trucks sitting in Ottawa with no m... fuel money to get home. If this shouldn't piss everybody off right to the fucking core of "You're fucked", I don't know what will. This is big liberal bullshit biased right here. They said that we have... we're violent and we're terrorist. I have never seen so many smiles on people's faces since we've got here. There's a few people in the high rises that don't like the horns and I apologize for that. I don't know what else I can do to fix that. But people demand your money. People stand up to this shit. This is the liberal bias in this country, it can't be tolerated. They're walking all over us, they'll walk all over you. The, the... We're done with this. Stop this shit. This is... this is way bigger than all of us but now this is on GoFundMe. Everybody, demand your money back. Demand something cuz now G-GoFundMe's now come out and said that they're going to donate your dollars, your dollars to some charity of their wishes. Go fuck yourself GoFundMe. This is bullshit and you know it. If people aren't outraged by this, I don't know what else will outrage you. This is absolutely horse shit. This was never about the money for me. I was gonna pay for my own fuel to come out here and every other expense I needed but there's a lot of guys in my group right now that I'm gonna have to pay for to get home. And that's bullshit cuz we had that money there and GoFundMe totally fucked us. So, guess what? It's comin' GoFundMe, it's comin'.

4. Barber exchanges text message with Cst. Bach (Exhibit 127 at pages 38 to 53):
 - 7:38:01 am from Cst. Bach to Barber: Hey Chris! Just curious how the night went and how you're doing. Are you able to meet up with me today? Just let me know and thanks.
 - 7:51:15 am from Barber to Cst. Bach: Yes. Pissed me off. We cleared 3 blocks of Kent and they plugged it again. Stupid asses

Page 49:

- 11:45:55 am from Barber to Cst. Bach: We are in the opps center planning. Can you get us commercial streets to move to instead of residential?
- 11:52:47 am from Cst. Bach to Barber: So I've passed this up, and will get back to as soon as I can. I just want to reiterate that there is no clear delination between residential and commercial in our downtown core. But ill get back to you. Thoughts on embrun and SJAM?
- 11:55:01 am from Cst. Bach to Barber: How many trucks are we talking about here? We need an approximate number. Also, is what your expectation/suggestion?
- 12:21:50 pm from Cst. Bach to Barber: Ok. If you're looking to move trucks though (reposition) we need to know approximately how many. Please let me know asap so we can work on it
- 12:51:06 pm from Barber to Cst. Bach: Ok let me get numbers. I've been bombarded

- 2:10:46 pm from Cst. Bach to Barber: Hey Chris, FYI we're working on the port-a-poties right now. I'll keep you updated (unfortunately, you know that's not my decision). Could you send me the names of the Convoy leaders (or group leaders) for communication purposes. Also, I understand we're at a stalemate. What are giving in return (ie your trucks start repositioning at the staging area- or actually move all trucks to curbside lanes...)
 - 2:13:57 pm from Barber to Cst. Bach: I'm trying to get outa this hotel to go run around but keep being blocked. Uggghhh can't accomplish anything
5. Lich texts Barber at 12:21:38pm "Candace Bergen wants to meet soon. What to you thin?" (Ex. 135, Tab 74, p. 150).
 6. Barber exchanges text messages with "Frank" (Ex. 135, Vol. 2, Tab 24, chat 898 at page 4):

 - 7:33:04 pm from Barber to U/K: Hahaha for what.
 - 7:33:48 pm from Barber to U/K: My truck hasn't ran since Saturday. Tamera doesn't own a truck and BJ has been in and out. Good luck
 - 7:34:10 pm from U/K to Barber: It makes claims about coordinating honking and stuff
 - 7:35:44 pm from Barber to U/K: I've tried multiple times to get guys to quit honking
 - 7:37:02 pm from Barber to U/K: City police will coordinate that

5. Barber exchanges text message with Cst. Bach (Exhibit 127 at pages 53 to 60):
- 8:03:24 am from Cst. Bach to Barber: The trucks need to move. This is getting out of hand. What happened moving trucks out to staging areas and opening up lanes, and what happened to being safe and lawful?
 - 8:08:54 am from Barber to Cst. Bach: I'm trying to get these guys to listen. The weekend is here. I'm hoping once Monday morning happens we can roll to staging areas
 - 8:09:32 am from Barber to Cst. Bach: I'll be back out this morning talking with guys . Rolling convoys would be so much more productive
 - 8:16:10 am from Cst. Bach to Barber: So no plan on movement until Monday? PLT is trying to work the port a potties issue, but we have nothing to give to higher (from you) in terms of good faith. Also, any chance you're connected to the farm tractors that showed up from Alexandria in the middle of the night? They parked on Albert Street. Super aggressive and confrontational with police.
 - 8:19:10 am from Barber to Cst. Bach: Omg I have nothing to do with that I swear to God. I'm thinking people want some answered and the government has ignored us.

Page 56 - 57:

- 8:46:36 am from Cst. Bach to Barber: Ahhh ok I see. Whats your plan today? If you're Convoy members are fearful, they really need to move out of the city (like we've talked about). Once that starts happening, everything should defuse a bit. If/when they start moving, we need to coordinate so there's no misunderstanding and we can assist. Also, I hope you're taking care of yourself.
- 8:50:10 am from Barber to Cst. Bach: I wish you could see inside me sole. If I could pick each one up and move them I would. This I so much bigger than just the truckers now.
- 8:52:11 am from Barber to Cst. Bach: Slow roll shutting the city down in small stages would be way more effective
- 8:52:19 am from Cst. Bach to Barber: I know. I know it is. Thats why I keep pushing (you) to set the presidence.....get the word out about the intent and plan and try to grasp some order on your end. hopefully the outliers will follow suit.
- 8:52:58 am from Cst. Bach to Barber: A planned rolling Convoy at PH everyday would get the job done, and bring back some peace to the city.
- 8:53:57 am from Cst. Bach to Barber: Chris, (at the risk of sounding cheeky) you know you guys can leave at anytime. This Convoy has been huge. You got the attention, you got the message out.

Pages 58 - 59:

- 9:00:24 am from Barber to Cst. Bach: I understand that . I was thinking of trying to get my truck out to Coventry
 - 9:02:41 am from Cst. Bach to Barber: I really think that's a good idea. The rest of the Convoy?
 - 9:06:48 am from Barber to Cst. Bach: I can't get out. I'll head back out soon. Keep talking to the children
 - 9:09:15 am from Cst. Bach to Barber: Like you're truck is boxed in?
 - 9:18:28 am from Barber to Cst. Bach: Yes. Across from Supreme court
 - 9:24:38 am from Cst. Bach to Barber: Ok. Do you see a possible route out? The issue is moving one truck. Do the ones around you want to leave to, we can facilitate that.
 - 9:36:11 am from Barber to Cst. Bach: I'm on wellington. Priority for first out is residential. Wellington I believe will have to be held to some point
6. Barber exchanges text message with “Hillary: (Ex. 135, Vol. 1, Tab 16, chat 897, pages 1-3):
- 10:00:59 am from Hillary to Barber: Hey Chris, it's Hilary. I've been working with stu. I got a text that truckers on sir John A need fuel and propane. I'll be down there in a couple hours to that location but it seems they can't wait
 - 10:01:15 am from Hillary to Barber: The one looking for it his name is joe
 - 10:56:59 am from Barber to Hillary: Have you been in touch with teeahan ?
 - 10:57:06 am from Barber to Hillary: Or todd
 - 10:57:18 am from Barber to Hillary: “Redacted contact info of Todd”
 - 11:24:38 am from Hillary to Barber: Keeping it peaceful is what this is about :)
 - 11:24:41 am from Barber to Hillary: Yes we need to follow some rules blocking intersections

1. Barber posts a video on his Tiktok account @BigRed19755 (Ex 12, Transcript 12A at tab 6):

CJB. I kind of find it hilarious, everybody, that the city of Ottawa has been freaking out. Law enforcement's getting more pushy, the citizens are pissed off. I can understand why. I absolutely 100% am on your side but we've been here for over a week now. The liberal government has done nothing but hurl insults, call names, and then run away, and hide like they've been doing so graciously with everything else in this country for the last two years. We need an audience. So, citizens of Ottawa, put pressure on your, your government. Come on. We're all here for a reason. We're sorry it had to happen in your city, but this is where the politicians asked us to come or forced us to come, I should say for policies that we want changed. So, going forward, this can be over with a drop of a hat, a drop of a hat we will be gone. But we've got the most ignorant, selfcentred, piece of you know what guy in power right now that refuses to do nothing but hurdle insults at us. We're Canadian citizens, we're hard-working Canadian citizens, and we deserve answers for some of the tyranny he has injected into our country, and the division. Remember that people. This is preventable and this is fixable, but the pressure needs to be put on somebody else, not a group of somebody's.

2. Barber posts a video on his Tiktok account @BigRed19755 (Ex 73, Transcript 73A at tab 9):

- CHRIS BARBER: Okay, so if this is true, guys, and this is anywhere in the Ottawa vicinity or anywhere near any of the people downtown or trucks or that, we need to get drivers out there and protect that case of rocks. We're waiting for – uh, if anything's provoked here, this is – this is city officials that are starting this sort of stuff, I want everybody to know that, 'cause we have been one of the most peaceful organizations and protests in – in Ottawa history. So, um, drivers get to that location. Protect that – that, uh, case there. Do not let any people pick up rocks or that.
- MIKE STACK: It's a roll-off.
- CHRIS BARBER: It's a roll-off. They should be picking that up and getting it out of here for public safety. But there's, uh, higher powers at play right now so be careful, be diligent, be safe. Don't play into the hands of this stuff, guys. This is exactly what they want.
- CHRIS BARBER: Out of sight, out of mind, 'kay? The only way out of this for the government right now is for us to turn it into like a January 6th-style insurrection. That – we have, made them look so stupid right now. So stupid. So, please don't play into that. We have gotten so far. We don't want it tainted by anything silly right now. Thanks, guys. Be strong.

3. Press conference video (Ex. 62, Transcript Tab 29) reposted to the Freedom Convoy 2022 Facebook page at 2:49pm, originally posted live to Salman Sima's Facebook account at 2:49pm

(Ex. 47, p. 17), including Benjamin Dichter, Lich, Keith Wilson, Tom Quiggan, and Daniel Bulford. Lich's contributions consist of:

- laughing (p. 2) in response to Dichter stating "Toes are gonna show", stating "mm-hm" following Dichter stating "And it was, uh, pressure from, uh, the competitor, GiveSendGo, who, uh, issued a strategy for some of the donors",
- responds "Chris, Chris has been in contact with them a lot, but he's not here unfortunately. So, I can't" (p. 5) in response to reporter question "So, the Ottawa Police, uh, released, uh, I be, a statement stating that they were gonna be arresting anybody that's bringing supplies to the truckers, right? Have the, has anyone from the Ottawa Police reached out to you guys and gave you guys any details on that? Have you seen, have you heard any word about that happening as of yet?",
- states "Not that I'm aware of. No. Um, we've chat, our accountant's been dealing with them, and, uh, they seem really good. They have, they run it a little bit differently and so, yeah, there's no concern there. That's my part, anyways, yeah" (p. 7) in response to reporter question "Tamara, is there any concern that you might have the same issue with GiveSendGo as you've had with GoFundMe?",
- states "Yeah" in response to Danny Bulford comment:

When you talk to most of these police officers on the ground, like, the rapport has been good. My relationship with the liaisons has been great. Right There's, it's, it's very open and transparent, and we're trying to help each other every day make sure that this stays peaceful. Because my primary concern has always been the individual or small group bad actors, that are gonna try and bring, tarnish the reputation of what we're trying to accomplish here. And they know that. The police all know that. They all know that we're a peaceful group. Like, at the ground level, they all know that this group is here for everybody. And I make a point of saying that to police officers when I see them. It's like 'Just so you know, in my mind and in my heart, we're doing this for all of you as well', Yeah....Mm-hmm" (p. 15)

This comment was made in response to a reporter question about whether "passports" were in Ontario as well,

- states "Mm-hm. Right" (p. 20) in response to reporter comment suggesting "Hold us accountable, not Pat King",
- states "Mm-hm" in response to Dichter comment "They asked me about Pat King and a couple of other people. And I explained that, look, because this is so organic....there are many people in different groups that have latched onto the movement. And this, anybody who behaves and understand that it's a positive environment..."

- states “yeah” (p. 22) in response to Dichter comment:

And the fact that there’s, you know, a few people on the side that are rabble-rousers and want to make this about them. And we did, we, we issued a statement at the very

beginning about this individual [appears to be reference to Pat King], who I’ve never met...Um, and, uh, I mean, we can’t, we’re doing our best to explain that that’s not representative of our convoy. And I think, what was it, the third or fourth day, when he left? And we had a conversation and I, I said, ‘Just send him home’

- responds “Yes” (p. 25) to a reporter question “I’ve encountered this more than a few times where they say they’re not gonna go anywhere til Justin Trudeau resigns and what is your take on that? I mean, you’re, I, I know, last weekend you said that is all about the mandates. You just want all the mandates dropped. Um, is that still the case?” to which Dichter had already responded “Uh, yeah, that’s still the case”,
- she provides a lengthy response to a question about media coverage stating, amongst other things:

we’re not a bunch of, we’re not here causing problems. Our people are not being aggressive. We have said right from the start, if you see people that are being aggressive, report it. Get their licence plate. Contact us and let us report it. Because that’s not us and that’s not who we are. And we’ve never come here, uh, with an agenda to be violent or aggressive or threatening. We come here with a simple message. ‘Let’s end the mandates. Let’s get our people all back to work. Let people open their businesses. Let children have birthday parties’ (p. 27-28)

- she then goes on to state “This is about love. This is about unity. And it’s about coming together. And this is what we’re seeing on the ground”,
- she states “I think you would see that happening...in short order” (p. 34) to reporter question “If you do get what you want, and the mandates are dropped and you leave, and the government find, uh, decides to reimpose these mandates because of a new variant, variant, would you be willing to come back to Ottawa to pressure them again?”,
- states “mm-hm” (p. 34) in response to reporter question “I mean, these, one things for sure, I, I don’t think you would accuse any of these truckers of trusting the government, right? So, when they say they’re gonna remove the mandates...”,
- states “yeah” (p. 35) in response to Tom Quiggan stating “People across the country are losing their jobs they’re...losing their homes”,
- states “Mm-hm” (p. 37) in response to Dichter response of “Good question. Difficult to

answer. Um, what we're hoping, I mean, we've discussed this privately" in response to reporter question "how can we hold our politicians accountable for actually honoring that commitment if it's made?",

- responds "This is my hill" (p. 40) in response to reporter question "are you guys willing to go to jail even if it's arbitrarily to, to fight for your cause, to restore, you know, your freedoms for, for Canadians?" then adds "Not all in the same cell" in response to a Quiggan comment "Justin Trudeau jailing a Metis woman" and Danny Bulford responding "And someone who used to protect him",
- states "Yeah. Sorry, um" (p. 40) in response to Keith Wilson comment "We're runnin' out of time" and "mm-hm" to Dichter comment "Yeah, we got, we got, uh, five more minutes, at least for Tamara",
- states "Back to our families" (p. 43) in response to Dichter comment "So, as soon as these things are lifted, you watch how quickly those guys want to go back to work and start, you know, filling contracts", responds "yeah" then "yup" (p. 44-45) in response to Keith Wilson comment "I guess my legal comment would be, um, the notion that the government can arrest a Canadian.... for providing food to another Canadian....is perhaps the most un-Canadian thing I've heard so far",
- states "Mm-hm" (p. 47) in response to a line of questioning about a potential strict enforcement strategy to "forcibly remove" demonstrators and comments by Bulford that "That, that would be such a egregious overstep in my mind, that I think that would be, that would be a mistake on their part",
- notes "I haven't checked my email in two weeks. So sorry" (p. 47), and
- states "Thanks" at the end.

4. Barber exchanges text message with Cst. Bach (Ex. 127 at pages 61 to 70):

- 9:20:15 am from Cst. Bach to Barber: Good morning Chris. Any updates from yesterday? Also, what is the plan? What is the endstate here? Can we meet?
- 9:25:58 am from Barber to Cst. Bach: Yes we can. Tomorrow is a day I fire up my truck and lead some of the ones out. Wellington will stay but the side streets are my priority
- 9:26:22 am from Barber to Cst. Bach: Get these guys out to areas to plan slow rolls
- Page 63:
- 9:49:14 am from Cst. Bach to Barber: It depends, police are supportive of getting as many trucks out of the core as possible, as quickly as possible essentially. Whats the planned stage? Thats starting tomorrow am? And where are those trucks going?
- 9:51:55 am from Barber to Cst. Bach: Staging area . I have a huge job trying to convince them. The cars and pickups I have less control over

- 9:53:05 am from Cst. Bach to Barber: What's the location of the staging area you are speaking about. 1500 Bronson Avenue?
- 9:53:40 am from Cst. Bach to Barber: Bronson is completely empty. All of the other ones (baseball stadium, embrun, Coventry) are full.
- 9:55:55 am from Barber to Cst. Bach: Embrun would be perfect
- 9:56:40 am from Barber to Cst. Bach: Coventry and embrun

Page 65:

- 9:57:48 am from Cst. Bach to Barber: Ok embrun is good (so that should work) but NO ROOM at Coventry. You have 1500 Bronson and 2670 river side (both of these are empty). So, just to confirm you will do planning for today (talking to the trucks) and then start the move Tomorrow? We will need to coordinate.
- 9:10:05:19 am from Barber to Cst. Bach: I can plan all I want. You have seen how no one tells them what to do

Page 68:

- 10:41:50 am from Barber to Cst. Bach: You know I've done the best I can. It's been close to fist fights more than once . Can we agree wellington won't change for now ?
- 10:43:50 am from Cst. Bach to Barber: I agree. Wellington won't change (for now). But side streets should clear up/out. And I know. The pressure is on for all of us.

Page 70:

- 2:17:10 pm from Cst. Bach to Barber: Chris, for your awareness: OPS released a statement earlier that people carrying supplies are subject to arrest. What is the sentiment with your truckers? Did you get out to speak to them? Are any of them looking for to leave?
- 2:44:40 pm from Barber to Cst. Bach: I wish they would stand down. The police service will make this worse . We are peaceful and the world is watching
- 2:47:20 pm from Barber to Cst. Bach: My phone has been lit since the statement from people across the country condemning the police this looks sooooooo bad

5. Barber exchanges text messages with “Rooster” (Ex. 135, Vol. 1, Tab 17, chat 950 at page 2):

- 6:25:06 pm from Rooster to Barber: The cops are now at this moment threatening to arrest the guys fueling us , and blocking it getting in to the city ,, they moved quick on this one ,, let's shut down the food supply to this city okay that's harsh , but we gotta do something bro , just saying , this cunt of a mayor man ahh grrr ,
- 6:27:31 pm from Barber to Rooster: Yup time to play hard ball

6. Lich texts Barber at 9:16:47pm with a screen capture of an email which states (Ex. 135, Tab 74, p. 159):

JOIN US for a Special Live Freedom Convoy Show with Tamara Lich and Chris Barber: Monday Febraruy 7 at 9am EST

Ottawa's Mayor decides to intimidate and flex rather than come to an arrangement with the convoy, and has declared a state of emergency attempting to cut off the truckers' supplies.

Backed by the Prime Minister, he's convinced GoFundMe to pull down the truckers' funding platform. Popular support for the protest makes this a public relations disaster for GoFundMe who are being heavily roasted by American media and are now facing fraud investigations.

Join us for our discussion with two of the convoy's leaders. Canadian media maintains its allegiance with the convoy's critics but a video journalist reports to us that politicians smearing the truckers are not being truthful. He'll join us later in the show.

WATCH THE LIVESTREAM HERE

7. Barber texts Lich at 10:02:38pm at 10:02:49pm "Yes you good. I've been so busy all day", "You ok with 9am" (Ex. 135, Tab 74, p. 159).

1. Press conference video (Ex. 30, Transcript Tab 48). A press conference with a large number of individuals including Tom Marazzo, Brigitte Belton, Chris Barber, Lich, Sean Tiesson, Dr. Roger Hodgkinson, Jeffrey Bovin, Tom Quiggan, Dana Metcalfe, Dr. Paul Alexander, Miranda Gasior, Dale Enna, Ryan Mihilewicz, and Joe Jansen. Tom Marazzo does most of the talking. Lich first speaks at page 8/19 stating “Tamara Lich. One of the organizers”. She then later briefly answers a reporter’s question about helping people in Ottawa financially by referencing “adoptatrucker.ca”, “GiveSendGo”, “e-transfer”, and “I know up at Parliament, I was up there today. There’s a great big jug that you can donate cash to...right by the stage if you want. And that money can get to them right away. So.” (p. 15).

2. Barber posts a video on his Tiktok account @BigRed19755 (Ex 74, Transcript 74A at tab 10):

- CHRIS BARBER: Guys, so here we go. Here’s update for, uh – what day is it today, Monday?
- MIKE STACK: I think so.
- CHRIS BARBER: I’m losing my dates here. Can, uh, the politicians please come to the table here to get some shit resolved so we can all go home, please? City of Ottawa, please, uh, it’s been brought to our attention that ri-, riot police are being brought in Ottawa tonight starting at six o’clock. Riot police, people. Riot police. So we’ve had snipers on roofs of buildings, we’ve had – come on, like, c-, this is ridiculous. I have never hugged so many people and shook so many hands in my life, and they got riot police coming in tonight? Guys, we wanna keep everybody safe. We don’t want the old police service here to be engaging and – and provoking us into things that we’re absolutely, under no circumstances, going to do. We do not engage. If they have a gun against your forehead, you ask how you can comply. That’s where we’re headed with this, unfortunately. So please, guys, everything will work itself out in the courts after. There’s been a whole bunch of rules and laws that have been broken, especially by the mayor of this city, the police commissioner, probably. Be strong and be steady. Be – be steadfast. We’ve got this. Um, we were going to move the truck – we were going to move Red out today, just to do a little bit of slow rolls around the country here but then we hear that this – the – we’ve got this rumour. W-, w-, I’ll – I’ll update you on the rumour later ‘cause I don’t think I can let that out quite yet but, um, be safe, guys, please. Be very, very, very safe and don’t let any trouble happen. We’re trying to get down to Red right now to see how she’s doing and we’ll go from there. See you guys.

3. Barber posts a video on his Tiktok account @BigRed19755 (Ex 8, Transcript 8A at tab 2):

- CJB. Hey guys. Surprise, but guess who shaved. Look at this sexy look, eh? Joe’s a little upset with me over there cuz he looks like a big bearded Canadian, but...

- J. (Inaudible).
- CJB. ...I had to get it off here cuz it's making me a little itchy, so. Just want to go over everything... ever... over everything with everybody. Um, GiveSendGo is a trusted platform. We have that from the owner – I can't remember what his name is – Jacob (sp), Jerry (sp), something like that. Do you guys remember?
- J. No.
- CJB. I don't remember either, but anyway this is a trusted source. I will never ever, ever give a dime to "Go Fund Me" again. I don't care what the cause, I will hand \$100.00 bills to whoever needs it rather than go through that joke of an organization. But guys, we're getting the funds back up there for these guys, so I appreciate everything you're doing. Just so you know, I can't go to the Facebook page. GiveSendGo Freedom Convoy 2022, I believe. If you want to search that, that's how you find it and, uh, yeah. Get used to this babyface for a little bit cuz I think Joe likes it. It looks really good, right Joe?
- J. No.
- CJB. He doesn't like it. He says I've ruined my image now, but I don't...
- J. (Laughs).
- CJB. ...really care. Grows back in a couple of weeks, right? See you guys.

4. Barber posts a video on his Tiktok account @BigRed19755 (Ex 7, Transcript 7A at tab 1):

CJB. Hey, everybody. Live from Ottawa here. So, we're just gonna do a little update tonight as I walk all baby-faced. Okay. Last night our sources were pretty clear, we knew something was happening and it happened at, at, at Coventry, okay? The snipers on the roof, blah, blah, blah. So, here's the stories we're hearing tonight. And we can't confirm them, but we just need to make sure everybody knows this. The rumors are the riot police are on their way to Ottawa right now, riot police, okay? Uh, the numbers could range anywhere from 1800 to 3000. We've heard different numbers, we've heard different stories, there's a lot of bullshit out there. I was to put this call out to everybody right now. If we go dark in Ottawa, if we go dark meaning no more social m-media, social media posts go out, that means their operation is being deployed, okay? That means they cut all our cell service, our internet, our blah, blah, blah. We have no communication to (inaudible). They start the kettle operation where they come around in full tactical gear and SWAT. They apparently have places now where they're going to start processing all us terrorists, or criminals, or whatever even though it's been the worlds, you know, largest, peaceful gathering. There has been absolutely no violence. We have the government on their head right now. They're all waiting, they're trying to find some way to demonize us they can. So, if you're... if you... if you see this, if this video gets to you and we go dark all of a sudden, that means they're here rounding us up. That means you need to get to Ottawa. Whatever means you can, you come in peaceful protest. You peaceful, and you protest. You come here and you flood this city. I don't give a shit if the entire country of Canada comes to fucking Ottawa. That's what we're living in right now, government tyranny. It is tyranny at its finest. Last night, like I said, my, my, my phone was nuts. We knew something was gonna happen. Tonight, it

5. Barber posts a video on his Tiktok account @BigRed19755 (Ex 9, Transcript 9A at tab 3):
- CJB. So, we're out just scoping out the area here. Hey, Mike. What do you think about this intersection?
 - M. It's, um, lonely.
 - CJB. It looks a little lonely, doesn't it? It doesn't look like there's anybody here. Do you think we can fix that?
 - M. Yeah.
 - CJB. (Laughs). I don't know about you but that looks like it's lonely. Oh, boy. Oh, boy. (Laughs).

6. Barber posts a video on his Tiktok account @BigRed19755 (Ex 10, Transcript 10A at tab 4):

CJB. Hey, guys. I just came down to Big Red here to fire it up. It hasn't been run in probably over a week, so. I just wanted to bring something to everybody's attention here. So, there's a guy back home...A girl that I grew up with in my hometown, Osterley, her name is Jennifer Knight (sp) and she's married now of course but I'm gonna put a sticker out here and show you what we are dealing with. So, her husband Brad D-... Brad Downing was, uh, was killed a year and a half ago in an accident out on the highway, and so she gave me this little sticker of Brad here to have on the dash. I don't know if anybody remembers, and it's in a dog tag. So, when Brad was out running around, he... that was his symbol. Um, if anybody remembers, that was a phone call that came in, uh, that cheered me up pretty good. Everybody's seen the side of Chris that can get a little bit emotional. So, uh, Brad's been riding on my dash since we left home. I met Jen and (inaudible) the day we left. She gave me that sticker. It was put out here now. So, just know we're representing so many Canadians. The ones that are here physically, the ones that can't be here physically, and the ones that have passed on. So, we have to win this, guys. There is no option for going home without answers. That is my goal, personally. And I think that says a lot for the same for of Canadians, so. Be strong people, no matter what gets thrown at us. Remember, like Gandhi did, we remember "Peace is the only option." And I don't know a lot about Gandhi, but I mean I'm just trying to do what I've been...heard in, in the... in the meetings in the last while, so. Be safe guys. Thanks.

7. Barber posts a video on his Tiktok account @BigRed19755 (Ex 11, Transcript 11A at tab 5):
- UP. Okay. What do you want me to say?
 - CJB. Uh, we're just gonna... So, guys, here we're down on the street and I have found... I think he's, he's guilty of mischief, or aiding abetting, right? Ready? Hah. Is that a Jerrycan you have there, sir?
 - UP. Yeah. Uh, no, sir.
 - CJB. Uh, oh.
 - UP. This is my piss jug.
 - CJB. Oh, it's a piss jug.
 - UP. Yeah, it's a piss jug.

- CJB. (Laughs).
 - UP. So, they have all the restaurants closed and all the public washrooms...
 - CJB. Yeah.
 - UP. ...and I have no choice but carry around my pee jug.
 - CJB. (Laughs).
 - UP. I've been confronted with the cops twice...
 - CJB. Twice? Yeah.
 - UP. ...threatened to be arrested. When I asked for their name and badge number,
 - they turned, and walked away, and said...
 - CJB. (Laughs).
 - UP. ...that I was free to go. I asked them what law they were b-breaking, and they said, "Mischief". I said, "Mischief? I'm not doing anything wrong."
 - CJB. For a piss jug (laughs).
 - UP. I'm just a guy walking around with a piss jug.
 - CJB. There you have it, guys. You mess with truck drivers...
 - UP. (Laughs). That's it, man.
 - CJB. ...we'll find a way to mess you back.
 - UP. You guys hold the line.
 - CJB. We're holding the line my friend.
 - UP. I'm from Ottawa. I'm here everyday. I love it.
 - CJB. Awesome.
 - UP. I love it.
 - UP2. Yeah.
 - CJB. Appreciate your help, man. Appreciate it.
 - UP. This is the best entertainment I've had...
 - CJB. (Laughs).
 - UP. ...in my entire life.
 - UP2. We're taking all week, buddy.
 - CJB. Ah, thanks, guy.
 - UP. Take care, man.
 - CJB. (Laughs).
 - UP2. (Laughs).
 - CJB. You have it hear first, guys. Look at that. Hah, that's awesome.

1. Barber posts a video on his Tiktok account @BigRed19755 (Ex 27, Transcript 27A at tab 21):

CJB. Hey, everybody. So, I'd seen Trudeau's speech last night and it is the only way out of this situation is the vaccination. I just want to remind everybody quickly here and actually show everybody something really, really... I don't know, maybe a m-mic drop the moment right here. Some people know this, some people don't. So, the only way out of this is for vaccination. Here you go, guys. Boom. Saskatchewan resident. Look at that. I am double vaxxed with the booster. I just had to let everybody know this. The vaccination is not the only way out of this. This is not about vaccinations; this is about mandates. There is people here in this group, in this convoy that are fully vaccinated. I led the way out here from the West, fully vaccinated, people. I'm pretty sure I just had Omicron, I guess. I'm not sure. Doesn't matter. Trudeau's just had COVID, he's fully vaccinated with the booster too. So, tell me what the hell good this mandate and this passport have? Tell me what, what good they have, please. Just somebody tell me something. We need to address these issues, and so far, the liberal government's just still hurdling insults, and calling us names, and running back into their chambers. So, there you go, guys. And yet another one to just sit down at the table and have the conversation, please.

1. Barber posts a video on his Tiktok account @BigRed19755 (Ex 23, Transcript 23A at tab 17):
 - CJB. Hi, provinces of Canada. A few of you have fallen already to the mandates. A few of you are holding on. When we're done in Ottawa here, we have the resources to come to you. Remember that, please. Quebec, you're first.
 - UP3. Yeah.
 - CJB. Manitoba, you'll be second. Just so you know, B.C
2. Barber posts a video on his Tiktok account @BigRed19755 (Ex. 24, Transcript 24A at tab 18):

CJB. Hi, kids. Live from Ottawa. So, just want to go over a few things. We've got a lot of rumors, a lot of rumblings about, um, internet blackouts coming, and riot police are coming, indications are probably saying Thursday at our, our earliest blah, blah, blah. Maybe we're just giving everything up for law enforcement here but then they're probably watching and listening to us anyway. Uh, rumors are, they have the phones tapped, la, la, la. This our Canadian fuckin' government. I thought for a minute we were in China there and then all of a sudden, it's "Boom." So, this word going out to everybody in the trucks around the city. Right now, there's an order in place to keep the horns down, horns have to be quiet, okay? If you see a large, vast majority of police coming towards your truck like they do, like, the, the... like, they're building up... Guys, lock that door, crawl into that bunk. But before you do that, grab that horn switch and don't let go. Let that fuckin' horn go no matter what time it is, and let it roll as long as possible until they're bustin' your fuckin' windows down. We want everybody to know when the time comes, and that is the best way to do it is when that happens. Do that guys, please. Let that horn go. Don't let it go. When we see that mass force of police coming at you. Okay, guys? Be strong. We've got this. We've got some more announcements coming up. It's gonna be pretty cool here. We'll see if we can fire some shit up.

3. Barber posts a video on his Tiktok account @BigRed19755 (Ex. 25, Transcript 25A at tab 19):
 - CJB. Hey, TikTok. Hey, Canada. Hey, Ottawa. So, this is the deal. Let's get into this Brass Tax bullshit. They are coming for us. They're... they've been instructed to clear the streets of down Ottawa, they are gonna use whatever means force possible. We have instructed them for every Canadian truck driver that is protesting in downtown Ottawa that is arrested and has to sign... What is it? The detainment form...?
 - UM. Yes.
 - CJB. Pretty much a piece of paper. If you sign it, you get to go free, but you're not allowed to come back here, you're not allowed to protest, you're not allowed to do anything. For every trucker that signs that to get out of custody, we will then replace that truck driver

with three new truckers. When the call goes out, guys, everybody and their fuckin' dog, get comin' to Ottawa cuz we need all the help we can get. They think they can control the number of guys right now? You wait to see how many we bring in to replace us. (Laughs). Love you guys. This ain't no fuckin' drill either. Last night with Toronto, that was just to mess around. Tonight, different story. Be strong, hold the line, we have the f... liberal government fractured right now, uh, provinces are falling. We're winning guys. We're winning and they're scared shitless. If they weren't scared shitless, they wouldn't be doing what they're doing right now. Remember that.

4. Barber exchanges text message with Cst. Bach (Exhibit 127 at pages 75 to 81):

Apparently, uh, there was a few issues with the airport this morning. I don't know. You know, we've moved a few trucks out of the downtown court, and they were kind of replaced somewhere else, so. That's so unfortunate you guys. My goodness. Be safe

2. Barber posts a video on his Tiktok account @BigRed19755 (Ex. 75, Transcript 75A at tab 11):

CHRIS BARBER: Good morning, everybody, from Ontario, Canada. Could you imagine we're here? Listen, this is – this is well overdue and I gotta get this out. Law enforcement, throughout this whole process, has been absolutely amazing. Guys, everybody you talk to, the officers down here, they're out here looking after us. They're looking after public safety. That's number one. It's always been number one: public safety, driver's safety, you name it. I just gotta give this shout out to local law enforcement all the way across Ontario. We've seen – there's city police here from three hours away, four hours away. Guys, you're doing an amazing job. If I beat you up a little bit, it's usually because, you know, and les-, I've – I've mentioned this to a lot of people, it's the higher-uppers that want us gone and you're being told to do something and you're doing your job and that's it. But hats off to local law enforcement. You guys have been amazing. OPP, I gotta really say it, you guys have done your job and it's much appreciated. So, guys, when you see that officer on the street corner, give him a pat on the back. Give him a handshake. Tell him he's doing an awesome job because he is doing an awesome job. Thanks, guys.

3. Barber exchanges text message with Cst. Bach (Exhibit 127 at pages 81 to 82):

Um, uh, thanks to the, uh, we'll flip this around again, uh, special shoutout to the Ontario City Police. You guys did an amazing job dis, disrupting or dismantling the bouncy house castle downtown here. God knows that could have been hinderous[sic] to somebody having fun, right? Yeah. It's pathetic, simply pathetic. Uh, we're uh, nothing but peace and love down here. I wish I could read all your comments. I cannot. I usually go and do it later at night. Because Chris didn't bring his glasses. It'll probably be a boring live tonight unless you want to see what's going on. We're about a, five hundred feet from Wellington right now. Where, uh, where the Parliament buildings are. So, I'll get my ugly face off here and I'll get you turned around so that everybody can see what's going on. Hahaha. This is Wellington, guys. Freedom 20, 2022. I just seen the CBC reporting tonight that all nationalities can't come out of their house right now because they're, how are you guys?

CHRIS BARBER: Good morning, Canada. Do you know how many people have come up to me throughout this ordeal from other countries? Uh, yesterday, a lady from Nicaragua got a hold of me. She said she fled [sic] the country that she was in because of the exact same reason we are fighting right now, you know that? That is scary as hell. There's people leaving this country on a regular basis. We, uh – we need to get control of this. We can't allow the government to take this kind of control over us, guys. Cornwall today, apparently a huge buildup of police. You guys, be safe, no matter what they throw at us. You remember, we are all peaceful. I've said it before, I'll say it again: they arrest you, put your hands behind your back and comply. The only thing we need to do. And the only thing some of these people are, they're wanting it to go off. They're wanting it to become violent so they have a reason to move in. Do not give them that reason o matter what. Ninety percent of the officers down here, ninety percent are awesome, the other ten we just need to remind them, "You guys took a pledge and oath to protect and to serve." Remember that, officers. Remember that when you're tearing a bouncy castle down on Wellington Street in downtown Ottawa because it's a threat, a bouncy castle. Some day when this over, I will tell some stories that will blow people's minds, but for now eye on the prize, people. Eye on the prize.

 - 11:54:13 am from Barber to Cst. Blonde: We desperately need that that cruiser moved and we can move farther down
 - 11:59:32 am from Cst. Blonde to Barber: I'm feverishly working on it.
 - 12:01:02 pm from Barber to Cst. Blonde: All good

1. Barber posts a video on his tiktok account @BigRed19755 (Ex. 83, Transcript 83A at Tab 19):
 - CHRIS BARBER: Hi, Canada. We're here with Keith. This is our legal represetash-, representation out here. He's got a little bit of info for you for the – the letters that have been – been left on everybody's doorsteps by Ottawa City Police today. This is important information. Everybody needs to get this out. Keith?
 - KEITH WILSON: Hi there. I'm, uh, legal counsel to the not-for-profit Freedom Convoy. Uh, the federal government released a new pro-, proclamation last night under the Emergencies Act, and the legal wording of it is clear. It doesn't say what the police are telling you it says. It clearly – the legal proclamation that was issued by the federal government continues to allow for peaceful protests. It allows for peaceful assembly. It allows for Canadians who are concerned about their Charter rights and who want to bring their children to participate in the restoration of their future rights, to come to Ottawa. The order says that you can only not come to Ottawa if you're going to disrupt international trade, disrupt, um, critical infrastructure, or engage in acts of violence. No one involved in this freedom movement, none of the truckers, support any of those things. So if you're thinking about doing those things, don't come and give your head a shake.
 - CHRIS BARBER: Yeah.
 - KEITH WILSON: We're about peaceful protest. This emergency order from the federal government does not restrict Canadian's rights of peaceful assembly; however, what we can see on the ground here is the police look to be gearing up. It looks like the federal government is going to tell the police to go and use violence against lawful protestors, and one way to stop that from happening is Canadians who are concerned about their rights and government overreach to come to Ottawa as soon as you can get here and stand with the truckers. We believe the police are reluctant to follow this. If they follow what the federal government's telling the police to do, it will be an illegal order. It will be unlawful. So, if you come and stand with the protestors, it will make it harder for the police to act on what they're being told to do and it's really important that freedom-loving Canadians get to Ottawa as soon as possible to stand with the truckers and exercise their legal Charter rights of peaceful assembly.
 - CHRIS BARBER: We'll be here, guys. Remember, peace is the only way out of this. The only way to win with a tyrannical government like what we have right now is to stand up to them. We can't back down. We've come too far. We have to follow this through. Thank you, guys.
2. Barber exchanges text messages with "Mike" (Ex. 135, Vol. 1, Tab 51, chat 2287 at page 80):
 - 1:50:09 pm from Barber to Mike: Hold the line. We are in a peaceful protest

3. Barber exchanges text messages with “Rooster” (Ex. 135, Vol. 1, Tab 17, chat 950 at pages 22 – 24):

- 10:51:39 pm from Rooster to Barber: Why is Tamara on a live saying she’s getting arrested tomorrow ?

1. Barber posts a video on his tiktok account @BigRed19755 (Ex. 84, Transcript 84A at Tab 20):

CHRIS BARBER: Hey, guys. So I was heating up pretty hard right now. I just came in for a quick bite to eat before I head back out again. You know those three meals a day that I eat, my steak and all that shit? Yeah, today was a cold sandwich. Boom. Pizza going to Crown to Parliament. Police presence is huge right now. They are saying something's coming. When it happens, put your hands behind your back, take it like a man. I will hopefully be out there. In this together, guys. We, uh – it's a peaceful protest. It's been told this by our lawyers that they have no right to arrest us. No right at all as long as we aren't breaking the - the boundaries of the *Emergency Act*. So, the first arrest that happens down here at a peaceful protest, the government loses. Police, you gotta figure out what side of history you want to be on. You signed an oath to serve and protect. This is a lawful, peaceful protest. Tiannamen Square is not gonna happen again here today. So, do what you gotta do. I phoned my mother today and I told her, "Finally, Mom, I'm gonna become a criminal for the right reasons." Be proud, Canada. We've done this together.

2. Video posted on Freedom Convoy 2022 (Ex. 55, Transcript 55A at Tab 34):

3. A live video is posted to the Freedom Convoy 2022 Facebook page at 7:06pm (Ex. 47, p. 37) of Lich (Ex. 58, Transcript Tab 36) speaking together with individuals she identifies as "road captains". These individuals are not otherwise identified. Lich gives a monologue including "the Freedom Convoy is conducting a lawful demonstration. We recognize that there is a democratic process within which change occurs, and we have no intention of acting outside the realm of this democratic process" and then purports to read what she describes as a "roadmap

to freedom to all federal and provincial leaders”, included in that she states:

One. End all vaccine mandates for all Canadians, truckers, travellers, employees, healthcare workers, law enforcement agents, and soldiers. Number two. Cancel provincial and municipal vaccine passports and masking requirements. Number three. End all state of emergency declarations. Number four. Allow those who have lost their jobs to go back to work. Number five. Grant access to parents that lost access to their kids, be reunited. Six. Financial protection for all small businesses harmed by COVID restrictions. And seven, respect freedom of choice and not discriminate. We call upon our governments to ensure we don't make this same mistake again by doing the following. Number one. Supreme Court of Canada review of government actions. We need to know whether our rights under their, under the charter mean anything. We call upon the federal government to initiate a constitutional reference question to the Supreme Court of Canada about the constitutional validity of COVID laws and restrictions. Two. Public enquiry of government's response to COVID. As a matter of national importance, we call upon the federal government to appoint a fully independent and impartial public enquiry on the government's handling of COVID responses. We need to know what went wrong, what caused governments to so easily trample our rights and freedoms and cause so much harm to our people and nation. For the enquiry to be effective, the following conditions must be considered. A) the enquiry members to be selected by an all-party process, B) it must contain a thorough examination of the science, policy responses, and the consequences, C) it must be commenced by March 20th, 2022 and D) it must be public and livestreamed. It is time to heal the divisions that have been created in our families, in our communities, and in our country. This has gone on far too long. We are calling upon all lev, levels of government to do the right thing for our families, for our communities, and for Canada. The Freedom Convoy 2022.
